Florissant, Mo. Man, On Way to Work, Dies In Crash This Morning

Coy Holderfield, 55, Florissant, Mo., auto driver, was fatally injured at 6:30 a.m. today when his automobile and a heavy flat-bed truck collided at the intersection of Route 3 and Bypass 66 about three miles north of Granite City.

In addition to the fatality, there were 13 Quad-City area injuries and 26 traffic mishaps during the weekend.

It was the 16th fatal traffic accident in the Quad-City area this year and the first traffic death in 54 days. Twenty-six persons had died in traffic accidents at this time last year.

Mr. Holderfield was pronounced dead on arrival at St. Elizabeth Hospital. He died of a skull fracture and internal injuries. An autopsy is pending.

His car, a recent model, four-passenger hardtop, was demolished.

The truck, driven by Lewis Everett, 82, of St. Louis, was headed south on Route 3 and Holderfield was driving east on Bypass 66 when the crash occurred.

Thrown Across Highway
The auto was thrown across the highway and down an embankment. The truck proceeded southward and pulled down the embankment a short distance from where Holderfield's car landed right on top of it.

Everett told the Press-Record that he had made the stop at Bypass 66 and was about to move into the intersection when the car came from the west side of the intersection and collided with the left front of the truck. He said it was still dark and overcast when the crash occurred. Everett was uninjured.

The truck was owned by the Park Transportation Co., was empty at the time. Everett said he was on his way to the St. Louis Steel Co. plant for a load scheduled for delivery today.

Mr. Holderfield was on his way to work at the time of the accident. He was employed as a city truck driver for the local area for a long time. He was married and had a half-sister. He was 5'10" tall, weighed 175 pounds and was 62 years old.

Hurt Seriously on McCambridge
Three charges were filed against William A. Broomfield, 24, of 13174 Madison avenue, Madison, after the truck tractor he was driving collided with a car driven by Jerry J. Davis, 32, of 512 Highway 203, at 10:10 p.m. Friday at Fourth street and McCambridge avenue.

Davis was admitted to St. Elizabeth Hospital in serious condition with severe head injuries, including the neck and right pelvis. The automobile was a total loss.

Madison police said Broomfield apparently was "traveling east on Fourth street when he failed to stop at the McCambridge avenue stop sign and was hit by Davis' southbound car, which was knocked into the Fourth street.

Broomfield, who was not injured, was charged with driving while under the influence of alcohol, reckless driving and passing a stop sign. He was held in lieu of \$250 cash bond.

Gasoline from the vehicles spilled on McCambridge. Madison firemen extinguished the blaze. Seven Madison policemen and two from Venice were dispatched to the scene.

Pedestrian Lost Broken
Joe Ward, 36, 512 Terry street, Eagle Park Acres, suffered a broken right lower leg at 10:55 a.m. Friday when struck by a car driven by Harold Shockley, 55, St. Louis, at Market street and Broadway, Venice. Neighborhood Groups Planning Petitions to Require Referendum

Plans are being made by Namek township residents to circulate petitions to require an election on a \$1,555,000 revenue bond issue announced by township officials last week. The program involves construction of sanitary sewers and sewage treatment plants.

Assistant State's Attorney Joseph Barylak told the Press-Record today that 20% of registered voters of Namek township would have to sign petitions within 20 days after the bond ordinance publication to obtain an election. The ordinance is scheduled for adoption by the town board next Monday night.

The proposal has aroused widespread interest, and a large attendance is expected at next week's board meeting and also at a meeting of the Wiltshire Manor Civic Improvement Association at 7:30 p.m. tomorrow at the Lutheran Church on Stratford lane. The Wiltshire group also will elect officers and consider by-law revision.

The Wiltshire board of directors voted Friday night to recommend circulation of petitions. No stand was taken on the merits of the sewer and treatment plant project.

New Haven Group Meets
At a meeting attended by 50 persons Thursday night at Marysville school, the New Haven Civic Improvement Association voted unanimously to begin circulating petitions for an election.

Barylak's opinion mentioning the sewer and treatment plant project was added to the petitions. The election would be held within 90 days of filing of the petitions.

Under revenue bond financing, the cost of such petitions would constitute public approval without a referendum.

A flat monthly minimum fee of \$436 per household has been estimated by the H. W. Lochner engineering firm. Forty-year revenue bonds, rather than general obligation bonds, are planned, Harold G. Moe of the Lochner firm told the Press-Record today.

Lake, River Rules Differ
Both primary and secondary sewage treatment systems are required in order to utilize Horseshoe Lake, it was learned. The treatment plant planned by the City of Granite City.

Area Boards Tour GCHS, Discuss School Issues

An estimated 300 school board members from the four-county southwestern Division of the Illinois Association of School Boards held their fall conference Thursday evening at Granite City high school, many of them being taken on conducted tours of the building prior to the dinner meeting.

Following a smorgasbord meal, the board members heard a talk on "Educating for Responsibility" by Rev. Walter J. Mohl of the Edwardsville First Presbyterian Church and then divided into groups for panel discussions dealing with a longer school year, board-administrator-staff relations, fringe benefits, school attorneys, custodial maintenance and federal school aid.

Special interest was shown in the major summer school expansion carried out in the Granite City school district this year. It was brought out that four-year programs are being tried, and potential vacation scheduling conflicts among children in the same family were discussed. Lengthened terms without staggered vacations also were discussed.

Ralph W. Kober of Alton high school stressed the value of air conditioning for summer classes, and Harry R. McNeil, regional supervisor for State Dept. of Public Instruction, also offered to assemble background data on year-around school for interested school districts.

The "Longer School Year" discussion was presided over by Granite City School Board Secretary Ronald Dillard, and participants included Bobby Joe Davis, principal of Central junior high school.

Sample Census Will Include 3-Year Olds

For the first time, questions about three- and four-year-olds children enrolled in nursery schools and kindergartens will be included in the Census Bureau's October Current Population Survey, it was announced today by Director Theodore F. Olson of the Census Bureau Regional Office at Chicago.

Previous fall surveys gathered information on the number of children and adults 5 to 24 years of age enrolled in school, but because of the great increase of children in schools below the first grade level, this month's survey will cover persons 3 to 24 years.

The school attendance questions will cover enrollment at each level of school and in each grade or year, as well as obtaining facts on young high school dropouts.

Last year's survey revealed that 2.2 million boys and girls 5 years old or 54% of all children this age were enrolled in kindergarten, also, that about 520,000 young people 14 to 24 years old had dropped out of high school sometime during the 1962-63 school year.

A number of families in the county will be asked about their plans to purchase cars, houses, and major household appliances during the next few months. Similar questions on consumer buying intentions are included in the survey four times a year.

Sample households will be interviewed locally and in 336 other selected areas of the country during the week of Oct. 18.

Mrs. Simon to Report to State Board on Paint Stains Here

Mrs. Paul Simon, member of the state Air Pollution Control Board, said she was both surprised and shocked at the amount of paint damage to the Granite City homes she visited Thursday.

She told the Press-Record she plans to submit a detailed report to the commission when she meets Oct. 26 in Chicago. She added that one of the board's engineers, Robert French, also has inspected damage here and has detailed data to give the board.

"Several mothers told me," Mrs. Simon said, "that while they were concerned about the damage, they were more concerned about the possibility of the fumes impairing their children's health."

She added that she was invited to make the inspection by William Jenkins, assistant city inspector. "What I saw was shocking. It's much more to see it than just to hear about it."

Jenkins also showed her a map of the city which is being prepared for a chemical engineering firm. "It showed me exactly where the damage was and how widespread it is," he commented.

THIS I BELIEVE

Three of the main topics in the Bible are: 1. The Scriptures; 2. Jesus Christ; 3. The Church. Without Church traditions any person can be saved, perfected and thoroughly equipped by Scriptures to be a Christian. 2 Timothy 3:15-17.

As God and Man in fusion, Jesus Christ is God manifested in the flesh. 1 Timothy 3:16. God as an Omnipotent Spirit, is particularly present in Christ. John 14:10; 2 Corinthians 5:19.

The Church consists of those people in whom the Holy Ghost dwells. 1 Corinthians 6:19. One can observe Communion fifty-two times a year and still not have the Holy Ghost. One can be sprinkled or baptized in water, and yet not have the Holy Ghost. One can believe that Jesus Christ is the Son of God by the Virgin birth, and still not have the Holy Ghost.

Have you received the Holy Ghost SINCE you Believed? Acts 19:1-7; Ephesians 1:13-14. It is time to move up to Full Scriptural Salvation in Jesus Christ. Are you saved? Why not? Obey Acts 2:38.

Fullbacks Carry Load as Warriors Down Alton 13-0

NOT QUITE OVER. Granite City's Tom Craycraft (33) is hugged by two white-shirted Alton defenders who stopped him just short of a touchdown in the second quarter. After Craycraft's five-yard gain, Gary Johnson rumbled over on fourth down for the Warriors' first score. Other players identifiable are Alton's Luther Simmons (30) and Frank Katiczyk (76) and Granite City's Joe Hauptman (82), John Evenden (70) and Jerry Line (71).

CLOSE-UP VIEW. Those are the churning legs of the Warriors' Nick Pettillo during his sensational 10-yard gain in the fourth quarter. Pettillo has already flattened Alton's Larry Kolesa but it looks like Mitchell has him at the 21-yard-line for a loss. He didn't, and Pettillo knocked over several other would-be tacklers before going out of bounds at the 10.

Johnson, Craycraft Stack Up 139 Yards; Pettillo Shines, Too

Football opponents of Granite City high school are learning they must watch for powerful Larry Johnson and Tom Craycraft as well as the Warriors' early-season sensation, halfback Nick Pettillo.

Alternating fullbacks Gary Johnson and Tom Craycraft gained and 53 yards collectively Friday night for 139 of the team's 205 yard rushing as the Fighting Warriors blanked the Alton Redskins 13-0 in a Southwestern Conference game at the GCHS field.

It's a Mutt and Jeff combination with senior letterman Craycraft standing 5-5 and weighing 160 to junior Johnson 6-1 and 200 pounds. Although Johnson's size gives him more power through the middle, both have the knack of finding holes in the defensive line.

At the outset of the season, it appeared that Johnson had edged out veteran Craycraft for the position. But of late Craycraft has been more in action; on Friday he carried 11 to Johnson's 14. Neither was thrown for a loss though Craycraft was twice stopped without gain.

The compactly built Pettillo (5-5, 155) picked up most of the remaining yardage — 58 — and made the outstanding run of the night.

"Greatest Run" "That was the greatest high school run I've seen," declared Jim Morrison of Pettillo's fourth quarter effort, and few of the 3000 spectators would disagree.

On second down and eight yards to go at the Alton 20, Pettillo started around right and at least three times he was hit by Alton defenders and almost thrown for a loss but he kept them off by one yard and kept smashing ahead. He was finally bounced out of bounds and crashed into the first down marker for a first and 10.

A bit dazed by all the head-banging, Pettillo was held out on the Alton 10. But Johnson went three, Pettillo advanced two, and on fourth down, Craycraft carried 15 yards for five yards to give the Warriors a valuable insurance touchdown with 8:45 left to play.

The Warriors first scored on the stadium Redskins with 3:43 remaining in the half on a 68-yard drive that began with the last play of the first quarter. The drive took up 15 plays, all runs of 10 yards or less, before Johnson went over from the one-yard line on a fourth-down goal situation. Joe Hauptman kicked the extra point.

The Warriors threatened again in the fourth quarter when Fred Hoffman blocked an Alton kick, but the Warriors were unable to score.

Married Disappointed Although Alton got no closer than the Granite City 34, Morrison says the defense turned in a sub-par performance. "We're not getting the kind of team effort from the defense that we expect from the kids," he said. "And our offense is still like a mudslide — it's not getting any better."

End Dan Messey, who last week was the Chualar's Axe Murder award winner (the only special award given in the 6-0 loss to Collinsville) again pinned the defense with five tackles and three assists. Linebackers Kern and Lybarger had four tackles and four assists each and guard Ed Brokaw had three and four.

There were no spectacular long runs from scrimmage but both teams completed 27-yard passes. Warrior quarterback Doug Winfield hit end Dana Lakatos for a big play midway in the 1st-play 82-yard drive that resulted in Pettillo's touchdown. The Redskins' Dave Jellison connected with Tom Hand for their 27-yarder late in the game.

The Warriors are at Wood River Friday night for another conference game. The Oilers, long-time Southwestern doctored by the Oilers' first three games and gave Belleville a stiff battle Friday before bowing 42-26.

Coach Carroll Sanders' Chiefs, now 6-3, are home to Collinsville Wednesday night in a sophomore meet Saturday at Alton.

Maxvill Solid Series Player

Awed but not shaken by "The House That Ruth Built," Dal Maxvill is continuing to play well as the St. Louis Cardinals battle the New York Yankees in the World Series.

Maxvill, who said huge Yankee stadium made him feel like a Roman gladiator waiting for the lions to come out, has two hits in 10 times at bat and has handled 13 fielding chances at second base without error.

The Granite Cityan, jumping from a mid-summer demotion to the minor leagues, however, that Javier's hip bruise may be healed sufficiently to enable him to play by Wednesday when the Series returns to St. Louis. Tomorrow is an open date for travel.

Yesterday as the Cards won 4-3 to tie the Series at two games each, Maxvill was hitless in three attempts, although he drew a base on balls in the third to become the team's first base runner. For the first time he played the entire game. It was Maxvill who tagged out Mantle at second base in a key play in the first inning when the Yankees scored all their runs.

He drew a brief pass from the 66-312 fans in the fifth by flying deep to Mickey Mantle, who had to back up almost to the outfield warning track for his liner to right field.

On Saturday, Maxvill delivered a seventh-inning double to left and was on third base with the leading run (the score was 1-1) but his teammates couldn't drive him home and the Yankees won 3-1 on Mantle's electrifying ninth inning homer.

In Thursday's game, an 8-1 Yankee victory in St. Louis, he grounded a single to left in the second inning and made a spectacular diving catch to rob Elston Howard of a hit in the sixth inning.

Although his Series average is just .200, that mark places him fifth among the Red Bird regulars. Above him are Tim McCaver (.417), Mike Shannon and Dick Groat (.287) and Curt Flood (.222).

727 Series for Dot McMullen

A 727 series rolled Thursday by Mrs. Dot McMullen in the Women's Classic League at Bowland is believed to be the highest three-game total ever compiled by a woman in the Quad-City area.

Mrs. McMullen, a bowler for 19 years, put together games of 213, 208 and 248 for her 727 total. The Missouri Association of the Women's International Bowling Congress reported to Mrs. McMullen her series is the highest under its jurisdiction this season.

"They were astounded by the score and so was I," she said. The highest previous series by a Quad-City woman is believed to be a 700 posted two seasons ago by Mrs. Mary Daboff, who also competes in the Classic League.

Mrs. McMullen's highest previous series was 651 four seasons ago with 256 as her highest previous single. She has a 470 average in the Classic League and a 187 in a Sunday night mixed league, where she bowls with husband Lee.

In her 208 game, she spared in the first frame and left the nine-pin in the fourth frame. She left her last clinch at a perfect 200 came in the third game.

"I had four strikes in a row, but in the fifth I hit a solid 10 on a good hit," she said. She led her Von Dee Criss team to a remarkable 29-3 series which included scratch singles of 901, 940 and 974.

Mrs. McMullen lives at 1118 Eighth street, Madison, is employed at the Granite City Army Depot and has two daughters, aged 15 and 10, and a son, seven.

ALL TIME HIGH series for women in Quad-Cities, a 727, was rolled Thursday night at Bowland by Mrs. Dot McMullen of Madison.

Braves Stop Webster 18-0 For 3rd Win

Colledge's Braves maintained their unbeaten, unscathed record Thursday with an 18-0 victory over Webster at Collinsville. The Braves, coached by Bill Pyle, are winners of three games this season and 31 in a row over five seasons.

The locals struck quickly as Russell Borth, on the second play of the game, slipped through right tackle and went 40 yards for a touchdown. Quarterback David Snelson caught two passes, an Goidge's nifty "reverse pass" play to score touchdowns and both went for about 35 yards. On both occasions, Snelson handed off to halfback Borth and sneaked down the sideline for short, snail-like drives.

All the Colledge runs for extra points failed. Defensive halfback Ron Sheppard kept the school's scoreless record intact when he caught a Webster runner from behind at the 20-yard-line. There the Colledge defense held the Collinsville squad on downs.

Webster also recovered its own punt after the Dave Boyer tackle Bob James, deftly caught Doug Wickham and of offensive backs Borth Snelson Shepard, Gary Reed and Al Campbell for outstanding performances.

The Braves are home to Ross and at 4 p.m. Thursday on the Granite City high school field.

Edwards Wins Over Prather 19-0 Falling 12 points behind at halftime, the Prather Chiefs lost a 19-0 decision Thursday to Edwardsville's Wildcats. It was the first victory by an Edwardsville team on the high school's new football field.

The Wildcats scored first when Mike Henderson blocked a Prather punt and end Tom Barr fell on the ball in the end zone. Later in the first half, Kenny White scored on a double reverse from 45 yards out.

Joe Shaw plunged over from the two in the closing seconds of the game to clinch a 42-yard Edwardsville drive. A successful extra-points pass closed the scoring.

Coach Carroll Sanders' Chiefs, now 6-3, are home to Collinsville Wednesday night in a sophomore meet Saturday at Alton.

Dupo Victim in 21-0 Decision

Madison's Defensive Unit Sparks First Victory

Madison's defensive unit, little lost sheep in the high school's first three football games, has found the way home and coach Glen Pickering heads the happy welcoming committee.

Although the offense was shut out in the first three games, the defense was regarded as black sheep of the "Trojans" football family for allowing opponents to pile up disheartening early leads and giving up a total of 102 points.

The 21-0 victory Thursday night over the visiting Dupo Trojans, however, was an entirely different story. The defense not only effectively contained the Trojans' attack but virtually accounted for all the scoring in the Midwestern Conference game.

Dupo could get no closer than 23 yards from its goal. And the Madison defense set up two touchdowns—recovering a fumble and blocking and returning a punt, both plays ending at the Dupo two-yard line—before handing a pass for a third TD and accounting for a safety.

The only point that could be attributed directly to the offense was Paul Lusk's extra-point run. The decision extended Dupo's losing streak to 15 games and ended Madison's at six.

63-Yard Punt
The teams, both entering the game with 0-3 records, went scoreless in the first quarter. Then a wind-aided punt by Madison's Frank Broyles took a Trojan bounce and was downed by Dave Andrews 62 yards from the line of scrimmage at the Dupo 23.

DO YOU TAKE VITAMINS AND STILL FEEL TIRED?
If you take vitamins and still feel tired, your trouble may be due to iron-poor blood. Vitamins alone can't build up iron-poor blood. But GERITOL can! Because just two GERITOL tablets, or two tablespoons of liquid GERITOL, contain 7 vitamins plus twice the iron in 1-lb. of calves' liver.

In only one day GERITOL-iron is in your bloodstream beginning to carry strength and energy to every part of your body. Check with your doctor and you've been feeling tired because of iron-poor blood, take GERITOL, liquid or tablets, every day. You'll feel stronger fast in just 7 days or money back from GERITOL.

*Due to iron deficiency

REESE

DRUG STORES

(two, Broyles' five punts averaged 41.6 yards).

On the next play, Dupo's Mike Dumas fumbled and Steve Purkayle recovered for the Trojans at the scrimmage line. Paul Lusk was stopped on a plunge just six inches from the goal but went over on second down. Dale Turner's run for the extra point was stopped inches short and, with 8:37 left in the half, Madison led 6-0.

Jim Bieller, tall 210-pound junior quarterback making his first appearance for Dupo this season after being injured, was the next victim of Madison's defense. His first pass was deflected by George Davis and grabbed at about the 15 by linebacker Bob Clinton, who raced over the goal.

Lusk ran the PAT in just one minute and 10 seconds. Madison had scored 13 points.

The second quarter outlook wasn't over, however. With the ball at the Dupo 44, Ralph Ives crashed into a Trojan's punt. The ball bounced toward the goal and was recovered by Davis, who advanced about 10 yards before being pulled down at the two.

From there, Lusk plunged over with 4:42 left in the half. Broyles' run for the extra point was short.

Drive Stalls
Quarterback Tom Williams, who alternated with Steve Geroff, engineered the Trojans' longest drive. It started at the 50 in the third quarter but was finally stalled early in the last period within seven yards of a score.

While the 300 or so chilled fans prepared to leave, the Trojans notched their last two points with 36 seconds remaining to play. Linebacker Eddie Ingram caught Bieller behind the goal as he faded to pass with the ball on the Dupo nine.

As the game ended, receiver back Ron Burt got off Madison's longest rushing gain, an 11-yarder. A 31-yard run by the Trojan Gary Moskop was the game's longest.

In addition to the defensive standouts already mentioned, Pickering had praise for lineman

Ezell Mallet, who helped plug up the middle as Dupo was limited to 61 yards rushing. Bieller's passes late in the game boosted his team's total offense to 129 yards, the exact yardage picked up by Madison.

"We're at Bethalto Friday," said an encouraged Pickering. "With another victory under our belt we could be right in contention."

Chokila, conquerer of Madison in the conference opener, and Highland, 15-0 upset winner Thursday over Roxana, are the Midwestern front-runners at present. Madison meets Highland Oct. 30.

State Offering Free Fish Guide

Where can I fish? What fish may I catch when I get there? These are only two of the many questions answered in the Illinois Fishing Guide, a 44-page publication just off the press.

Included are a list of all lakes supervised and managed by the Department of Conservation; maps of the navigation pools along the Mississippi, showing boat launching areas and telling what fish are common in each pool; and a map of the Illinois River showing access areas and the more common fish in the river.

The larger lakes in the Chain-O-Lakes region are identified, and the six most common fishes in each lake, from the angler's standpoint, are listed in the order of importance.

There is a guide to fishing in every county in the state. All lakes and streams, the number of acres of water or the miles of stream, facilities available in the way of boats for rent, camping or picnicking grounds, etc., and the kinds of fish common to the various water areas in each county are described. The 19 most common fishes and how they may catch in Illinois are illustrated and their range in the state is mapped.

The Illinois Fishing Guide is free. Anyone who wants a copy should write to the Division of Fisheries, Illinois Department of Conservation, Room 101, State Office Building, Springfield, Ill.

Cites Cost Cuts In Public Aid
Credit for reduction in expenditures for Illinois public aid during the first year of the biennium should be attributed to staff actions in emphasizing certain cost-reducing policies and by implementing employment and training programs for public aid recipients, Public Aid Director Harold O. Swank told a meeting of the department's key personnel in Springfield last week.

Swank cited as progressive steps taken by the department additional allowances to recipients to encourage them to accept employment, or prepare for future employment, by taking educational or vocational training courses; programs to help the recipients improve their capabilities to hold at Marshall and Niedringhaus grade school gyms.

On Wednesday, pupils of St. Margaret Mary and Wilson schools will attend a 6:30 p.m. class in the Wilson school gym, and on Thursday night sessions will be held at Marshall and Niedringhaus grade school gyms.

The class at Niedringhaus also will accommodate a pupil of St. Joseph and McKinley schools.

Brown said that qualified square dance instructors will be provided at all of the classes. No registration is necessary. Those wishing to attend may go to any of the "class" nearest their homes. No charge is made for the instruction, but each child is required to pay 75 cents for

7th Annual Square Dance Program to Open Tonight

An 18-week square dance program for students of the fourth, fifth and sixth grades will be initiated at five Quad-City schools by the Granite City Park district tonight. The first session is to be held beginning at 6:30 p.m. in the Nameoki school gymnasium for pupils attending Maryville, Frohardt, St. Elizabeth and Nameoki schools.

Harold Brown, park superintendent, said the second session will be held Tuesday night at the same time at McKinley school for pupils of Emerson, St. Joseph and McKinley schools. On Wednesday, pupils of St. Margaret Mary and Wilson schools will attend a 6:30 p.m. class in the Wilson school gym, and on Thursday night sessions will be held at Marshall and Niedringhaus grade school gyms.

Brown said that qualified square dance instructors will be provided at all of the classes. No registration is necessary. Those wishing to attend may go to any of the "class" nearest their homes. No charge is made for the instruction, but each child is required to pay 75 cents for

insurance coverage. Those children who participated in the district's summer recreational program and paid the insurance fee at that time do not need to pay the additional 75 cents, Brown explained.

The square dance program, the seventh annual event of its kind, will be in charge of Mrs. Helen Bjorkman, assisted by Lewis Kibort, Mike Speers and Misses Carolyn Bertachi, Phyllis Wright and Earlene Schrieber. Plans also are being completed for a fall and winter indoor roller skating program to begin Tuesday, Oct. 20, at the Stopkotte roller rink in the 1800 block of Cleveland Blvd. The program is sponsored by the park district and is open free of charge to children living in the park district and attending grades one through nine. Participants who do not have skates may rent them at the rink for 25 cents per session.

No prior registration is required for the program which will be held from 4 to 5:30 p.m. each Tuesday through March 24. The youngsters will be supervised by qualified rink personnel, Brown said.

Jimmie Ray Sentenced, Gary Smith Convicted

Jimmie Ray, 27, of 2504 Denver street, was denied probation in St. Clair county circuit court in Belleville Thursday and was sentenced to a term of two-to-five years in the Illinois state penitentiary at Joliet by Circuit Judge Harold O. Farmer.

He pleaded guilty to a theft charge of stealing six cases of whiskey, eight cartons of cigarettes and \$60 from the American Legion home at St. Libory on Sept. 24, 1963.

His brother, Charlie Ray, 18, was sentenced to two-to-five years in prison last June in Madison county circuit court after he and two other men were caught inside the Veterans of Foreign Wars club here.

In another St. Clair county case, Gary Glen Smith, 27, of Granite City was found guilty of armed robbery in connection with the \$600 holdup of the Catholic Credit Union, Belleville, last March 30. He was identified by three witnesses.

Judge Farmer postponed sentencing pending a motion for a new trial.

Smith and his brother, James Travis Smith, 35, were arrested in April 1963, for separate armed robberies of the Security Savings Association of Belleville. James Smith is serving a 12-year sentence in a federal prison.

Truck Hits Car, Flees

The right side and front of a car driven by Glenn Campbell, 3029 Wilcox avenue, was damaged when it was struck by a truck making left turn from an outside lane at 28th street and Madison avenue Thursday. The truck left the scene.

Speeding Charge Filed

Edward L. McElroy, 3032 Circle drive, was arrested at 11:25 p.m. Thursday at Benton street and Ebbing road on a charge of speeding. A hearing was set for Oct. 20.

Bishop Webb Speaks

Nameoki Methodist Church Consecrated; 300 Attend

Methodist Bishop Lance Webb, Springfield, termed as tragedy the tendency of many churches to become "exclusive clubs" and expressed concern "for the souls that cry, 'Let's keep everything we can for ourselves and let the rest of the world go by.'"

He spoke Sunday morning at the consecration and dedication of the new \$250,000 Nameoki Methodist Church sanctuary and classroom unit at Pontoon road and Primrose avenue.

The Illinois area episcopal leader was accompanied by Dr. Clyde Funkhouser, district superintendent on a swing through the East St. Louis district and was assisted in the rituals here by Rev. Frank C. Pierce, pastor.

More than 300 persons attended the morning service, about 200 in the evening and a steady flow appeared for an open house during the afternoon.

Bishop Webb told the congregation its church "will be the devil's chapel unless they fulfill their spiritual dimensions."

He listed the dimensions as breadth, breadth, length and depth, suggesting that unless the members build their church adequately, it will be an "irrelevant relic of the ancient past."

The bishop scored cynics of religion who "laugh and say, 'Just as we told you, the church that looks up to the heights to find God is a relic of the pre-scientific day when heaven was

up and hell was beneath." "Can you think of any better symbol to speak of God?" he asked. "God is the mighty transcendent source and ground of our being. We look up to God, not to ourselves. That is the dimension we need in this church and in this world more than anything else."

Bishop Webb said, "How tragic for any church to become exclusive, a club with a private pipeline to God, corner on salvation for themselves, while excluding those who are not like us."

He noted that most churches do not openly say Negroes can't be members here, but if Negroes or persons of a lower economic class were to go, "they would be frozen out."

Cavallaro Demonstrates Artistry

Enthusiastic Audience Opens Community Concert Season

By Mrs. Austin Lewis

The Tri-City Community Concerts Association's 12th season yesterday afternoon in a successful atmosphere provided by a large, enthusiastic audience, a good program and an outstanding soloist, Carmen Cavallaro, the "Poet of the Piano" who delighted his audience with his opening rendition of Desafinado and the popular It's Magic, employing the full scope of his piano artistry.

Mr. Cavallaro proved to have a nimble sense of humor as he joked with his audience on a wide range of subjects, the World Series and the Olympic Games. There was no doubt that he as well as his audience was enjoying themselves.

As he played his next two renditions of Begin the Beguine and Voodoo Moon, it was obvious that he has an exceptional feeling for the Latin American rhythm and his sympathetic understanding of the primitive tempos and sultry rhythms of the South American made his interpretations of these two numbers memorable.

The next portion of his concert was called "album time" and featured a medley of his record hits and included such favorites as Dancing in the Dark, If I Could Be With You, Cocktails for Two, All the Things You Are and Just One of Those Things. This feature was one of pure delight to his audience and they responded enthusiastically.

The Warsaw Concerto which followed holds a distinct place in Mr. Cavallaro's repertoire since he had the pleasure of introducing it for the first time in the United States.

A medley of Eddie Duchin tunes followed as played in the movie, "The Eddie Duchin Story." Mr. Cavallaro's artistry was used in the sound track of this film.

The second portion of his program included Serenata, Continental, What Kind of Fool Am I? Let's Face The Music, Dance Doloros, My Own, Digga-Digga Do, and the all time favorite, Rhapsody in Blue. His brilliant adaptations of popular music required the full keyboard for his interpretations.

At the conclusion of his concert Mr. Cavallaro received a standing ovation from an audience of well over 300 people and five encores including his popular rendition of Chopin's Polonaise.

Family Counseling, Child Guidance is Part of UF Agency Services

Three of the major counseling and care agencies whose combined services in the Quad-Cities area touch every phase of family and child guidance in cases where such help is badly needed, depend upon the annual United Fund federated drive for their support.

These agencies meet a variety of needs—solution of marital problems or parent-child conflicts, care of children unable to look after themselves because of broken homes, guidance to personal social adjustment, placement of homeless children and unlimited other difficulties that may develop by many means.

Among these family-child care organizations is the Family Service Agency, which carries on a wide range of service in many various fields. The Family Service Agency, which includes the Quad-City area in the scope of its service district and has its office in East St. Louis, provides assistance to clients with a wide range of social problems. Marriage counseling is a substantial part of the work of the agency. The agency also concerns itself with juvenile delinquency, problems of personal social adjustment, vocational problems, economic problems, transients and many others.

The agency's professional staff is carried on by a paid staff of three full-time social caseworkers and six part-time social caseworkers, one full-time secretary and a part-time stenographer and bookkeeper. The basic educational requirement for the professional staff is a master's degree from an accredited university.

Three on Board
Three members of the 30-man board of directors are from the Quad-Cities. They include Dr. George Koch, and Attorneys Randall Robertson and Terry W. Francis.

The agency gives service through counseling interviews in its office, with occasional home visits for diagnostic purposes. It extends its services throughout the Tri-Cities, East St. Louis and Belleville area, and is supported by the United Funds of all three areas. It presently is seeking admission to the Collinsville United Fund with a view toward extending the agency's services into that area. During 1963 and the first four months of this year, the agency made 203 interviews in the Quad-City area. It received a total of 31 new applicants from the area during the same period, which, with previous cases that extended through

1963, made a total of 37 families with which the agency worked during that period.

During the first four months of 1964 the agency made 83 person interviews in the Quad-City area, compared to 43 such interviews during the first four months of the previous year. The agency also received 14 new applications for service during the first four months of this year, compared to three during the same period a year ago.

Has \$40,000 Budget
The 1965 allotment to the Family Service Agency by the Tri-Cities Area United Fund is \$2500, or 88.4% of the amount requested by the organization. The agency has a 1965 budget of \$40,900.

Edwin J. Sieron is president of the agency's board and Michael H. Dalton is executive director.

Another agency providing care of children particularly is the Illinois Children's Home and Aid Society, an organization extending state-wide services and receiving United Fund support on the basis of the services performed within the United Fund district. The society is non-sectarian and primarily offers an adoption service. Care for children unable to care for themselves through broken homes, no homes at all, or unsuitable homes is the objective of the agency.

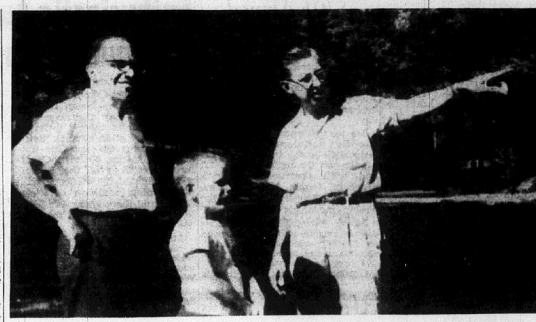

Services include medical and pre-adoption care of infants, selection and investigation of adoptive parents, advice for adoptive parents on the special problems they will meet and report for the court which has final jurisdiction.

In 1963, there were three children from the Quad-Cities area in foster homes during the year whose care was paid for by the society.

Two Are Adopted
During 1964, two of these children are being adopted by their foster parents. Service in 1965 will include foster home care, at least three children placed for adoption, together with counseling service for the natural parents and any assistance with maternity care and pre-adoption boarding care for infants that might be necessary.

Miss Mary T. Yowell is district supervisor with offices in Alton. The Tri-Cities Area United Fund has allocated \$3500, or 90.5% of the amount requested, for the society during 1965.

The United agency in this group also deals with the care of youngsters—Boys Town of Illinois, located at Grafton, Children of Broken Homes, or with parents unable or unwilling to provide proper care, receive complete maintenance and a education at Boys Town of Illinois. Helpful, friendly supervision

NEEDED DEVELOPMENT of facilities at Boys' Town of Illinois are pointed out by the Gratiot, Ill., Boys' Town grounds by Supt. C. H. McKinney (right) to Joseph Glik, chairman of the Tri-Cities Area United Fund campaign who is accompanied by his son, Jeffrey. Boys' Town of Illinois is one of the United Fund agencies providing care of youngsters.

Parcel Post Mail Speedup By Zip Code Starts Oct. 22

The Quad-Cities area is the hub of a new system of scheduled one and two-day deliveries of parcel post between 739 Missouri and Illinois post offices serving 3,100,000 persons with a current volume of 180,000 packages a week. The new service is to begin about Oct. 22.

Local postmasters said that 10 of the Post Office Department's new sectional centers, or mass mailing points, will sort and distribute parcel post by numerical ZIP Code to achieve a greater stability in parcel deliveries.

The sectional centers are to be East St. Louis, Centralia and Carbondale in Illinois and St. Louis, Columbia, Jefferson City, Hannibal, St. Charles, Florissant and Cape Girardeau in Missouri.

Through the new system, the postmasters explained, the mailer will be able to learn from the post office when parcels can be expected to reach destinations within the 38,000 square mile area bounded by the Iowa-Missouri line on the north, Jefferson City and Columbia, Mo., on the west, the Ohio River and Kentucky on the south and Indiana on the east.

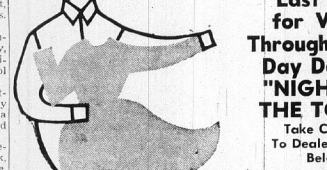

ZIP Code numbers for Granite City are 62040, 62041, 62042 and 62043; for Madison, 62060, and Venice, 62090.

\$50,000 Property Bond In Petty Theft Case

Property bond of \$50,000 or cash bail of \$5000 was set Thursday afternoon for Eugene Foster, 22, of 219 Hill street, Eagle Park Acres, who waived preliminary hearing on a theft charge and was bound over to the Madison county grand jury.

Foster was arrested Wednesday night on a complaint signed by Harold Mainer, proprietor of the Jiffy Car Wash, 1506 Madison avenue, who charged that he stole some coins from two money bags.

Magistrate Douglas Jackson of Troy, sitting in the Granite City magistrate court, was informed that Foster had been released from prison on a theft case about six months ago. "It was his second offense," the magistrate said, "and it appears that Foster is not trying to improve himself."

Foster was transferred to the Madison county jail at Edwardsville Thursday evening.

Former GC Resident Dies in California

Funeral services for George L. Moran, 51, former resident of Granite City, were held Wednesday from St. Pius Catholic Church at Redwood City, Calif.

Mr. Moran died Sunday, Oct. 4, at Letterman General Hospital in San Francisco. Following his retirement from the U.S. Army he was employed at the San Mateo General Hospital of San Mateo county, Calif.

He leaves his wife, Josephine, five stepchildren, and a sister, Mrs. Florence Turner, of Granite City.

Compromise

The truth is usually hard to pin-point—it generally lies somewhere between the two extremes.

Get rid of drudgery. Switch to an electric dryer

Have you been turning your basement, attic or family room into a "Winter Wonderland of White"—and getting a little tired of it?

Tired of stretching and straining to hang clothes? Tired of fighting the wet sheets that seem to take six arms to hang? Tired of dodging them once they're hung? Tired of carrying heavy baskets of wet clothes. Tired of just being tired?

All this drudgery disappears when you put an electric dryer on the job. Then you can waltz through washday. Just put your clothes in the electric dryer and flip the switch. Clothes come out looking like the breath of Spring—fragrant, sanitary and dry!

Record Turnout in Punt, Pass, Kick Competition Here, Winners Announced

A turnout of 78, largest in the four-year history of the Punt, Pass & Kick contest here, competed yesterday, according to director Dick Yates.

The large number forced Yates to enlist the aid of several adults, including Ray Hoffman, Lloyd Whitworth, Chuck Weiss, Gene Briggs, Joe Hillis, Russ Chappell, Bob Miller, Jim Morrison and Sate Champion. The Granite City high school football captains, Ernie Kern and Jerry Lyberger, and lineman Jim Evenden also helped.

Morrison, GCHS head coach, presented jackets to the 8-9-10-year old winners, kicking, punting, passing and third-place finishers in those age winners.

Scores of the local boys will be compared with those in other communities to determine zone winners, who will compete in the district contest at a site to be announced. National finals of the

Speedway to Use Half-Mile Sunday

Racers will be held exclusively in the half-mile track next Sunday afternoon at the Tri-City Speedway, it was announced today. The stock cars normally use the quarter-mile track.

In races yesterday, drivers from Decatur and Springfield dominated the super-modified class with Decatur's B. Mopis taking the feature. Barney Jones, a track regular, posted the fastest qualifying time.

Art Spurgeon won the fender-bender feature followed by Art Gross and Clyde Lindemann, all Tri-City regulars. Gross, Spurgeon and Mike Nall took the best races.

There was a head-on crash in super-modified race when Art Range's car spun around and was struck by Gene Hannu's vehicle. Neither driver was injured seriously enough to require hospital treatment.

David Murphy 4th In Fishing Contest

David L. Murphy, 2542 Spaulding avenue, won fourth place in the National Sporting Amateur Fishing Contest which concluded last week at Table Rock Lake, Mo. He scored 183 points, missing the daily high point trophy by only three points.

Vinyl Ward of Amsterdam, Mo., winner of several national fishing championships, won out over the 250 fishermen competing. Other Granite Cityans in the contest included Paul Summers, Harold Schmidt and Donald Murphy.

They were guests of Mr. and Mrs. Ervin Breakow, former Granite Cityan, at the Lazy Lee Resort, Branson, Mo. Summers received five points for black bass, three for white bass, two for walleye and one for crappie.
